NOW BRIGHTER & BETTER!

EVERYDAY ACTIVITY SEAT
The Everyday Activity Seat is designed specifically for children or young adults with moderate needs who still require pelvic stability but do not need the same advanced level of support as those with complex needs.

Leckey’s full seating range can now offer a solution to those with all levels of ability and will take a child right through school to adulthood.
The fabric options for the Everyday Activity Seat offer comfort, durability and practicality as well as a modern, sleek look. Choose from soft fabric or vinyl in a range of eye-catching colours – with blue, green, raspberry, black and grey to pick from there’s something to suit all tastes and personalities, from those who prefer a classic look to those who like to make a statement!

**EVERYDAY COLOURS**

**KEY FEATURES!**
- Vibrant, bright colours
- Textiles focused on comfort
- Strong, hard wearing fabrics
- Easy clean
- Resistance to many everyday stains
- Anti-bacterial and anti-fungal
- Water resistant
- Flame retardant
- Cover packs will include: seat base cushion and cover, backrest cushion and cover, and sacral pad inserts
WHETHER YOU’RE READING, LEARNING, COMMUNICATING OR PLAYING... IT’S ALL IN A DAY’S WORK WITH THE EVERYDAY ACTIVITY SEAT.
EVERY OPTION COVERED
The options available - three sizes with a choice of four chassis (basic, hi-low, hydraulic or powered), two chassis colours (black or white), two fabric types (soft fabric or vinyl), five colour options (blue, raspberry, green, grey and black) and a variety of accessories.

EASY TO USE
The seat has been designed with both the client and carer in mind. The seat, chassis and accessories can be easily adjusted, the cushion covers are easy clean and the footprint of the seat has been kept to a minimum - ideal for use around the home and classroom.

GREAT SUPPORT
Provides an optimal level of postural support for those with moderate needs using the four-point harness, the one piece seat base and the split backrest with sacral supports, so that they can enjoy activities at home, school or in respite.

ENABLES SELF-TRANSFER
The seat meets the abilities of the client, supporting self transfer or transfer using a hoist. The one piece metal footplate flips up and locks in position, longer armrests offer support when self transferring or can be easily removed if using a hoist. Tilt-in-space can be adjusted with the client in the seat.
**EVERYDAY CLINICAL ADVANTAGES**

**OPTIMAL POSTURE + STABILITY EVERYDAY**

**WHY**
Additional pelvic support benefits those with moderate postural control needs because the pelvis provides the key to overall postural stability.

**HOW**
The Everyday Activity Seat offers exceptional pelvic positioning with a four-point pelvic harness which is easily adjusted from the centre buckle. This is complemented by the seat’s simple range of trunk, head, leg and foot positioning adjustments. In keeping with the needs of this user group, the Everyday Activity Seat provides optimal postural stability.

---

**OPTIMAL COMFORT EVERYDAY**

**WHY**
It is not possible to sustain an optimal posture without comfort because discomfort disturbs posture.

**HOW**
The Everyday Activity Seat is designed with the comfort of the young person in mind in every aspect. From the soft covers, to the moulded armrests, the seat base cover which tucks underneath the seat base, the contoured back and the ramped seat cushion, the Everyday Activity Seat ensures the comfort (and therefore postural stability) of the client.

---

**OPTIMAL FUNCTION EVERYDAY**

**WHY**
Function (the ability to do everyday things) depends on the combination of postural stability and comfort.

**HOW**
With optimal postural stability and comfort achieved, the client will be able to use their arms and hands more effectively and independently. Along with the Everyday Activity Seat’s height adjustability from floor to table (hi-low chassis), activities such as playing, eating, reading, writing or chatting with friends become easier and less tiring.
1. **Headrest**
   - Provides support for the head and neck.
   - Adjustable in height and angle.

2. **Covers**
   - Available in four colour options: standard, flip-away, or plastic.
   - Covers are removable and cleanable.

3. **Laterals**
   - Soft fabric comes in raspberry, green, and blue accented panel.

4. **Sacral Padding**
   - Cushioned for comfort and stability.
   - Provides added lateral support.

5. **Four-Point Pelvic Harness**
   - Designed to support the pelvis.
   - Available in plastic or wood.
   - Adjusted to the correct height.

6. **Armrests**
   - Made of soft PU foam.
   - Adjustable for comfort.

7. **Pommel**
   - upholstered seat base.
   - Provides additional lateral support.

8. **Sandals**
   - Available with a contoured footplate.
   - Provides up to 18% more support.

9. **Footplate**
   - One piece metal footplate.
   - Sandal raisers (not shown) available.

10. **Castors**
    - Designed to accommodate light hamstring muscles.
    - Castors move freely over flooring.

11. **Hi-low Chassis**
    - Large range of height adjustment.
    - Suitable for clients who need the seat at floor level.

12. **Seat Base**
    - Depth adjustable.
    - Provides support for the trunk.

13. **Side Pads**
    - Provide additional lateral support.
    - Available with side abduction.

14. **Tilt-in-Space**
    - Allows for activities such as circle time, watching TV or helping in the kitchen.

15. **Push Handle**
    - Aids standing transfers.
    - Design does not need the seat at floor level.

16. **Backrest**
    - Can be controlled by either the carer or the client.
    - Provides support for asymmetries and assisting with even weight distribution.

17. **Features for Every Day**
    - Enables the client to be seated low, midline or high.
    - Provides up to 18% more support.
    - Supports various positions whether it is a supine position for resting.
    - Allows for activities or transfer.

18. **Ergonomic Design**
    - Range of height adjustment which can be achieved while the client is in the chair.
    - Mechanism has been designed to assist the carer lifting a heavier weight.

19. **Everyday Features**

EVERYDAY ACCESSORIES

For our full range of accessories and further product information please visit our website: www.leckey.com
Established in 1983, Leckey is a globally recognised pioneer in the research and development of products that help adults and children with disabilities to go, do, enjoy and participate in everyday activities throughout the day and night.

We take a highly clinical approach to product design and development. Through in-depth clinical research studies with leading universities, and extensive trials with occupational therapists, physiotherapists, users and their families, we continue to develop posturally supportive, family friendly products for all-day care, at every stage of life.

Through early intervention, childhood and adulthood, Leckey’s experienced team of designers, therapists and bioengineers work together to develop products that meet the clinical needs of the healthcare professionals and the social needs of the user.

To achieve this, we work with the healthcare professionals, the individuals and carers who use our products every day. With their help, we create the dependable, durable, proven and high performance products that we are known for worldwide.

Free Leckey Servicing

Our free service and support includes:
1. Free product training
2. Free product set up
3. Free product assessment
4. Free product re-assessment
5. Free maintenance within 2 year warranty

For service policies on all products outside warranty, please contact Leckey’s Customer Service department. James Leckey Design Ltd as manufacturer with sole responsibility declares that all products conform to 93/42/EEC guidelines and EN12182 technical aids for disabled persons general requirements and test methods. Order forms and spare parts lists to extend the service life of the product and allow reuse are available on request or online at www.leckey.com.
